# Enviva's Economic Impact in Virginia

Port of Chesapeake

Southampton

Enviva's total economic impact in Virginia (the ripple effect of Enviva's investments and operational expenses) is forecasted to be more than \$300 million annually.

We have invested nearly **\$300 million** in Virginia.

Since 1953, **wood inventory** growing in Virginia's working forests has **increased by 84%**.

We support more than **400 jobs** across Virginia.

Our **average compensation** is **approximately 30% higher** in the counties where we operate.

We have committed to **net-zero operations by 2030**.

Across the U.S. Southeast, Enviva is on track to create and/or support an estimated 4,200 jobs and create nearly \$3 billion in annual economic impact.
